| Guidelines for academic integrity  
  • Set standards  
  • Warrant that all researchers at JGU are aware of and can relate to academic integrity policy  
  • Ensure that academic integrity is central to self-understanding of researchers at JGU | 3. Professional responsibility  
  7. Good Practice in research  
  34. Complaints/appeals | Q4 2022 | S, UL, GSHS, GYR | 1. A new set of guidelines preventing research misconduct is developed and published on website.  
  2. Action plan for areas in need of improvement and rules of enforcement are devised.  
  3. Current needs and concerns of doctoral candidates (R1) are analyzed, additional measures devised and integrated into PhD supervision policy and model supervision agreement.  
  4. Action plan and sanctions are implemented.  
  5. New academic staff receive information material, containing the Charter for Good Academic Practice, information about the concepts of academic integrity, good scientific practice, and scientific misconduct, frequencies and causes of scientific misconduct.  
  6. A transparent workflow for counselling with the ombudsperson is defined. | Extended |

| 8      | Optimize professorial appointment procedures  
• Ensure quality standards, transparency, and strategic relevance of new professorial appointments | 13. Recruitment (Code)  
14. Selection (Code)  
15. Transparency (Code) | Q1 2023 | EUB, HRD, FB, SP, EO | 1. Pilot project in the Faculty of Biology is completed, reviewed and evaluated (completed).  
2. Guidelines for professorial appointment procedures are updated and developed (in progress).  
3. Advice and support for tenure track appointment committees, development of a handout and a tool for the potential analysis and assessment of leadership skills helps Tenure Track committees (in progress).  
4. Updated guidelines are published (delay).  
5. Information portal is online (extended).  
6. Training program for appointment committee members is implemented (extended).  
Remarks:  
The process of updating and redefining guidelines was suspended because of the revision of the Higher Education Act Rhineland-Palatinate (Hochschulgesetz), which was adopted by the State Parliament end of 2020.  
Because of the implementation of a Tenure Track Program (Nachwuchspakt) it was necessary to give advice and support to tenure track appointment committees, develop a handout and a tool for the potential analysis and assessment of leadership skills. These appointment procedures have to be integrated, so this action has been extended. | Extended |
| 9      | Publication of academic job vacancies on EURAXESS | 13. Recruitment (Code) | Q2 2018 | HRD (FB) | 1. Link of EURAXESS publications with application management tool is implemented.  
2. Every vacancy for professorships is published on EURAXESS. | Completed |

<td>Internationalization of research/international exchange options for young researchers</td>
<td>29. Value of mobility</td>
<td>Q4 2023</td>
<td>EUB, INT, RT</td>
<td>1. More opportunities for young researchers – including virtual options - for international networking are offered with the FORTHEM and FIT FORTHEM project. 2. Funds for short-term visits to research partners within the network are provided. 3. Administrative barriers to international research exchange are lowered. This includes testing new digital tools, developing joint open science portals to allow better access to data and results, and cultivating intercultural competencies for researchers and research support staff. 4. Tasks and Milestones are outlined in the FORTHEM and FIT FORTHEM projects. 5. First stage of FORTHEM project is completed. 6. FIT FORTHEM project is completed.</td>
<td>In progress</td>
</tr>
</tbody>
</table>

Remarks: 
As part of the EUN FORTHEM with partner universities in seven European countries, JGU is attempting to vastly improve the international experience of its researchers.

<td>Support for startup activities</td>
<td>30. Access to career advice</td>
<td>Q2 2023</td>
<td>RT</td>
<td>1. European Entrepreneurship Summer School is implemented. 2. Additional startup awareness trainings and workshops are devised and implemented. 3. Formats are tested and evaluated. 4. Continuously implement successful formats, optimizing over time. Remarks: A dedicated Startup Center will support startup activities. As a pilot training event, it will implement a Summer School within the FORTHEM Alliance. Further formats will be tested as part of the state-funded project “Startup Culture”, which will increase awareness for entrepreneurship within JGU and foster science-based startups. Events will be open to all JGU members. New action</td>

<td>Development program for researchers with executive functions</td>
<td>39. Access to research training and continuous development 37. Supervision and managerial duties</td>
<td>Q4 2018</td>
<td>HR</td>
<td>1. In 2022, the Leadership Development Program for Researchers will enter its 29th season. More than 220 researchers from all faculties have participated in this program to date. 2. The executive training program is continuously modulated based on feedback and perceived needs of the target audience.</td>
<td>Completed</td>
</tr>
</tbody>
</table>
• Improve supervision and career development for young researchers
• Professionalize management and leadership behavior of senior research staff

3. The same holds true for the university-wide Staff Development Program, which in 2021, over 270 researchers used to develop and professionalize their skills and knowledge.
4. Continuous implementation.
